

Peter NIKLAS

Short resume: I currently work in DG ECFIN as auditor of the Recovery and Resilience Fund (RRF). Since I have joined the Commission in 1999, I was mainly occupying posts in budget, finance and audit in DGs MARE, BUDG, EMPL, RELEX, GROW and AGRI.

Languages: DE, EN, FR.

Professional background: 11 years of banking business in Austria

Why I forward my candidacy:

Because I want to actively participate in discussions on future developments rather than complaining afterwards and I think this can be achieved with U4U.

What are my priorities: No reforms for the sake of reform, yes to changes which are justified for efficiency reasons but not because of budgetary constraints.

My commitment: Objective input on discussions (based on 22 years of experience in several services), being at the disposal of colleagues both to pass on information from U4U or to receive ideas/input on issues of general interest for our staff.
