

Fabien Leblond Muresan

EPSO, IT Product Officer, official, DE, EN, FR, Experience with promotion committee, appeals committee, learning steering committee, etc.

As for many years now, I have been standing to help, listen, advise and support colleagues, especially for promotion (and reclassification).

In addition to this, I am always eager to discuss with you about career, mobility, training and staff selection.

I am convinced that we can achieve together the change we want to see happening.
